Subject: Requirement of Electrical License issued by the State Govt. for carrying out Electrical Installation works.

The matter regarding possession of Electrical license of a particular state by the electrical contractor and intends to work in other state, was under consideration in Corporate Office for quite some time.

The matter was referred to DoT based on the inputs received from Central Electricity Authority under Ministry of Power, Govt. of India and various electrical contractors /associations. As per the clarifications received from DoT, the following procedures shall be followed in respect of internal, external and PMC works of original as well as maintenance nature :

1. The contractors of the electrical category shall have valid electrical license from the competent authority in the name of the contractors for the entire period of enlistment by getting the license renewed from time to time.
2. For applying for tenders for a work in any state, the contractor shall have to possess electrical license of appropriate voltage issued by any State Govt. under clause 45 of Compilation of Indian Electricity Rules 1956 or as amended from time to time.
